

Sight Support Derbyshire

Help us put the fun into Fundraising

Sight Support Derbyshire is a charity which has been running for more than 100 years and provides services to help visually impaired people throughout the county stay independent. Much of our work is funded by the generosity of people who do amazing things to raise money for us.

Perhaps you'd like to do a sponsored skydive for us, or keep your feet on the ground and organise a coffee morning? You'll find some ideas to inspire you below and over the page. Every penny counts, and you will have the satisfaction of knowing that thanks to the money you've raised, a local adult or child who is experiencing sight loss will be facing the future with hope and support.

Contact us if you want to be involved. Our details are over the page. We'll give you advice and guidance on how to run and publicise your event, and how to collect money safely.
