

Activities Calendar Summer 2022

Hello. Here at Sight Support Derbyshire we have returned to organising a range of activities for visually impaired people to take part in. This calendar will be updated regularly and the latest version can be found on our website. Information can also be found on our Facebook page.

Some activities are limited in terms of places, others are open for any visually impaired person who wants to come along. Some people come along with a partner or friend, while others come on their own. If you need some assistance to get about, please contact us in advance so that we can try to arrange for a volunteer to help.

Unfortunately, we cannot provide transport but we do try to make sure venues are easily accessible by public transport.

People who have attended our events say how much they enjoyed getting out and how useful it was to meet other people with sight loss. We would love you to join us.

Your ideas or suggestions for activities would be most welcome so, for more information or to register your interest, please contact Alison Strathearn, 01332 292262
